

PDCA – ESSENTIAL TOOL TO WORK EFFICIENTLY

- Are you wondering how to make specific and measurable goals?
- Do you want to know how to make a detailed plan to process goals?
- Do you want to be able to control progress of the project clearly ?
- Have you been able to timely find out action to improve situation in order to achieve the goal and plan?

PDCA is a method which helps you to make the specific plan to meet goals (Plan); how to proceed with the plan (Do) and control the implementing process (Check) and after that, you can improve and make the next action steps (Action). The course could provide you not only the meaning of PDCA but also specific practical activities to apply to the reality of work.
